

Refer a friend

TV · INTERNET · PHONE

Refer a friend and receive a \$100 credit on your account!

How does it work?

1. Fill out your name and account number and give this voucher to a friend who will be installing a CityWest service.
2. Have him or her present this voucher to a Customer Service Representative in a CityWest office at the time of the installation request.
3. Your account will be credited after your friend has completed three months of continuous service.

Refer as many new customers as you want. The more friends you refer, the more \$100 credits you'll receive. New customers must not have subscribed to service in the last six months. Customers may only be referred once and you cannot refer yourself.

So what are you waiting for? Start referring and earning!
